Life Forms in Premodern Philosophy

*Six Lectures on
Aristotle's 'De Anima'*

Essential Lectures on Medicine, Natural Philosophy, Technology and Society (ELEMENTS) is a new online series designed for students (BA-MA), PhD candidates, and curious individuals of all ages. It presents key texts and questions from the past in an accessible form. Each lecture (90 min.) introduces central problems, methods, and terminology, followed by guided reading and discussion of selected sources.
